## Incumbents Drive for School Bonds Kicked Off

By United Press International  
Major incumbents of both parties were assured of renomination today in five primary elections across the country.

The elections in Ohio, Indiana, West Virginia, Florida and New Mexico involved nominations for two governorships, two Senate seats and 54 House seats.

Ohio's Gov. Michael V. DiSalle had the closest call of any of the "name" candidates involved in Tuesday's balloting. He squeaked through with only 52 per cent of the vote in Ohio's Democratic primary.

Democratic congressional leaders, after meeting with President Kennedy, described the results of the primaries as "very pleasing."

**Pepper Starts Comeback**  
Speaker John W. McCormack, D-Mass., said the margin of Democratic ballots cast in the primaries was "overwhelming" when compared with the Republican vote. He said the President called this a source of satisfaction.

McCormack did not single out any particular primary.

But Kennedy must have been particularly pleased with the Florida results. Sen. George A. Smathers, D-Fla., and Rep. Dante Fascell, D-Fla., both specifically endorsed by Kennedy, won easy victories.

Former Sen. Claude Pepper, who won the Democratic nomination for a new congressional seat in a comeback bid, said his victory was "the first bellweather that the American people are in favor of the Kennedy administration."

The President's name also apparently helped Richard Kennedy to a surprise victory in an 11-name race for the Democratic nomination for congressman-at-large in Ohio. The successful nominee said hard work and a program of responsible liberalism won for him but added that the identification with the President did not hurt.

## Laotian Troops Rally Against Pro-Red Rebels

VIENTIANE, Laos (UPI)—The commander-in-chief of the Royal Laotian Army today was reporting taking personal charge of rallying government troops who were routed by pro-Communist rebels at Nam Tha near the Chinese border.

Informed sources said Maj. Gen. Bounleut Sanichan was regrouping the royal forces along the road to Ban Houei Sai on the border of Thailand. Nam Tha, a strategic outpost, was taken by

the rebels in a large-scale assault a few days ago.  
Military officials said they were worried that the attack on Nam Tha was intended to destroy royal units in the northern area to prevent them from reinforcing positions in the south.  
Government sources Tuesday reported a rebel attack at Saravane, an important highway center in the south.  
Communist victories over government forces in the northwest brought widespread criticism of U.S. policies in Laos.

## U.S. Blasts Atom Test In Pacific

WASHINGTON (UPI) — The United States conducted its seventh nuclear explosion in the current Pacific test series today by dropping an intermediate yield device from an airplane.

A joint announcement by the Atomic Energy Commission and the Defense Department said the detonation took place about 10 a.m. PDT in the vicinity of Christmas Island—site of all the tests so far in Operation Dominic.

Intermediate yield means a force equal to about 100,000 tons of TNT.

Today's announcement was the same as that about Tuesday's device.

Five of the previous tests have involved plane-dropped devices. The sixth was a test of a Polaris missile with a Nuclear warhead.

**Judge Brown in Casitas Hospital**

INDIO — Superior Court Judge Merrill Brown was reported in good condition today at Casitas Hospital, where he was placed under treatment after being stricken ill during a duplicate bridge game Monday night.

Mrs. Brown told The Desert Sun the judge's doctor had him hospitalized for a check-up and she expected to have him home by Friday. Mrs. Brown said she did not yet know how soon he might be able to return to his court.

**Lions Club Will Seat Officers Thursday Night**

Wally Dorman, district governor of Lions International, will conduct installation ceremonies for Warren Coble and a supporting slate of 1962-63 officers for the Palm Springs Lions Club Thursday night.

Jack Riordan, outgoing president, said the program will be conducted in Holiday Inn with a social hour starting at 8:30 and dinner at 8 p.m.

Along with the program schedule that will complete his tenure as head of the club, Riordan announced there were a number of officers and members who had contributed much to civic projects during the year.

**Clara Bow Killer Gets Prison on Second Degree**

Michael Ofelo Lopez, 48, was sentenced to prison yesterday on a second degree murder charge in connection with a double shooting last April 5 in Palm Springs.

Lopez had pleaded guilty before Judge Hilton McCabe in Indio Superior Court for the death of Clara Bow, 28-year-old mother of seven, who died shortly after identifying Lopez as her assailant.

**RUSSIANS FIRM**  
WASHINGTON (UPI) — Russia has refused to allow the United States to exhibit astronaut John Glenn's space capsule in the Soviet Union, it was disclosed today.

## Adenauer, DeGaulle Block Talk

Chancellor Stirs Berlin Uproar In Brief Visit

BONN, Germany (UPI) —Chancellor Konrad Adenauer has lined up with French President Charles de Gaulle in the belief that negotiations with the Russians on Berlin now are a sign of weakness.

The 87-year-old chancellor's views already have forced him to schedule replacement of his ambassador to Washington and are likely to create even more strain with President Kennedy.

The uproar stemmed from remarks Adenauer made Monday and Tuesday during a rare visit to West Berlin—his first trip there in more than eight months.

The chancellor declared the four-month-old U.S.-Russian talks on Berlin were getting "nowhere" and added, "I do not know why they should be continued."

**NATO Approves Talks**  
He said this amid the echoes of renewed formal approval by the NATO foreign ministers, including his own, of continued American talks on Berlin with Russia.

In Washington, the State Department reacted violently. A spokesman said Adenauer's objections would not be permitted to block or delay the U.S.-Russian talks. He said the President believed the Berlin crisis potentially so dangerous that he must seek a solution of it.

Foreign Minister Gerhard Schroeder, reporting to the majority Christian Democratic party Tuesday, used almost the same words as the State Department spokesman.

Schroeder said nothing should be left untold to find a modus vivendi in Berlin.

But Adenauer himself takes the attitude long held by De Gaulle—that an attempt to seek an agreement with Russia now is only a sign of weakness and will lead to a withering of the Western position.

**Police Clear Suspect in Arson Case**

The search for clues and suspects in the Section 14 arson series continued today, after Palm Springs police released Ben Faber, 43, Tuesday afternoon.

Lt. Robert White, chief of the police detective division, said no charges were filed against Faber. The transient Faber was picked up for questioning early Monday.

Piles of rubble from demolished houses on Section 14 appear to have been set, fire department investigators reported. Cause of the April fire in the Georg Bebe Women's Wear Shop on North Palm Canyon Drive is also under investigation, officers said.

**Feeling Reversed**  
Barnhill said the board voted to go along with a suggestion by Mayor Frank Bogert that a welfare commission similar to that in Los Angeles be established in Palm Springs.

It was announced that during the summer months the Community Chest office will be kept open as needed and donations could be mailed in care of Post Office Box 1029. It was urged that all citizens make every effort to meet unfulfilled pledges toward the support of youth and welfare agencies.

**Glenn Capsule Display Refused**  
WASHINGTON (UPI) — Russia has refused to allow the United States to exhibit astronaut John Glenn's space capsule in the Soviet Union, it was disclosed today.

The U.S. Information Agency, which is handling a four-month, world-wide tour of the Friendship-7 capsule, said Russian authorities rejected a request to allow

the space vehicle to be shown as part of a U.S. exhibition in Leningrad.

The capsule was placed on display today in Mexico City after being exhibited the past few weeks in Bermuda, Colombia, Chile, Argentina and Brazil.

The USIA said it was surprised and disappointed at the Russian refusal to permit the spacecraft

## Chest Will Study Money Problems

A citizens study group will be formed immediately to examine the charity agency fund raising problem in Palm Springs and find means of aiding future Community Chest campaigns.

This was announced following a meeting of Community Chest directors Tuesday in which the status of the 1962 fund campaign was completely reviewed, according to Rev. F. A. Barnhill, vice president.

In a notice to all news media.

**Slight Gain**  
This sum was far below the announced goal of \$114,000, but it was a slight gain over the \$64,215.22 on hand by the same date of the campaign last year, it was disclosed.

A formal motion was passed that the chest budget committee review the budget in the light of present conditions and make recommendations for the distribution of the remaining funds, Barnhill said.

Also approved was a study of fund raising methods in communities that have successfully established and maintained a Community Chest.

**Feeling Reversed**  
Barnhill said the board voted to go along with a suggestion by Mayor Frank Bogert that a welfare commission similar to that in Los Angeles be established in Palm Springs.

It was announced that during the summer months the Community Chest office will be kept open as needed and donations could be mailed in care of Post Office Box 1029. It was urged that all citizens make every effort to meet unfulfilled pledges toward the support of youth and welfare agencies.

**Tax-Cutting Authority Now Dead**

WASHINGTON (UPI) — Congress laid to rest without ceremony today President Kennedy's request for standby authority to cut income taxes. Not even a hearing was planned.

"I can't conceive of Congress ever agreeing to such a plan," said Sen. John J. Williams, R-Del. "I think it's fantastic."

In a letter to House and Senate leaders late Tuesday Kennedy said he needed the standby tax-cutting power as a weapon to fight recession and promote employment.

The letter, and an accompanying legislative draft, came as a followup to the President's announcement early this year that he would seek the tax cut authority and parallel standby power to spend up to \$2 billion in anti-recession public works projects.

## Senate Leaders Renew Efforts To Force Vote

WASHINGTON (UPI) — The Senate today decisively rejected a bipartisan move to curb a southern talkathon against the administration's voting rights bill but the leadership immediately launched a new effort to gag debate.

In rapid succession, the Senate voted down one cloture move and then refused overwhelmingly to kill the voting rights measure itself.

At this point, Senate leaders filed another cloture petition in a renewed effort to halt the southern talkathon.

The second petition was filed by the bipartisan leadership after southerners objected to an agreement which would have brought a final vote on the bill in another nine hours.

The second cloture vote will come Monday. This became automatic when the Senate agreed to recess Thursday until then.

After the 54-43 vote against cloture—gag rule — the Senate voted 64-33 to defeat Senate Democratic Leader Mike Mansfield's motion to table his measure, which would outlaw unfair literacy tests in federal elections.

Mansfield and Senate GOP Leader Everett M. Dirksen, Ill., co-sponsor of the legislation, opposed their own tabling motion but offered it to get a clearer vote on the merits of the issue.

Before filing his second cloture petition, Mansfield tried to get unanimous consent to limit further debate on the bill to nine hours—starting today. But Sen. Richard B. Russell, D-Ga., leader of the southern bloc, objected.

Senate leaders had settled on the tabling strategy as a test of opinion on the bill itself because such moves cannot be debated.

But he told a news conference that last month's unemployment total, even though one million less than in April, 1961, still was "much too high."

The total number of jobholders rose by 711,000 to an April level of 67 million, highest ever for that month. Nearly two-thirds of the gain came in nonfarm industries, where employment set an April record of 62 million.

Reflecting the failure of unemployment to decline more than seasonally, the jobless rate held steady at 5.5 per cent of the labor force. That was the March reading. In February the rate was 5.6 per cent. In April, 1961, it was 6.9 per cent.

The April, 1962, rate meant that 55 of every 1,000 men and women in the labor force were out of work and looking for a job.

# Deaths in Estes Case Get Probe

WASHINGTON (UPI) — Congressional investigators are looking into the deaths of two Texans who had contacts with Billie Sol Estes and his vast farm and financial operations.

The investigators are not satisfied with local decisions on the deaths. One was ruled a suicide and the other from heart disease.

A source on the Senate investigating subcommittee under Sen. John L. McClellan, D-Ark., confirmed an inquiry was under way in the deaths of Henry Marshall and George A. Krutilek.

Marshall, an Agriculture Department official, was found dead June 3, 1961, from five bullet wounds from a rifle that had to be pumped each time it was fired. The body lay near Marshall's pickup truck in a field near his Franklin, Tex., home. The death was called a suicide.

Marshall headed the Texas Agriculture Stabilization Service, which approved the arrangements which Estes allegedly used to get around the law prohibiting the sale of cotton allotments.

## Nixon Has Buyers for Squaw Valley

LOS ANGELES (UPI)—Richard M. Nixon said Tuesday that two San Francisco men were willing to buy the Squaw Valley concession contract and it was up to Gov. Edmund G. Brown to indicate whether he would give his consent.

The Republican gubernatorial candidate disclosed the names of the men when he received a telegram from William A. Newsom, who now has the contract, to "name the man" he referred to last week.

Nixon last week criticized the 27-year Squaw Valley concessions contract entered into by Newsom as costing the taxpayers thousands of dollars a year. However, Newsom denied he had made any profit in two years of operation.

Nixon quoted the Newsom telegram as saying, in part, "...name the man and I will make the same offer to him that I made to you. I will sell my interest in the Squaw Valley lease for \$1 plus my losses."

Nixon said William McGarry and John Jenkins, co-owners of the Garry Enterprises, a San Francisco travel and tour company, had been in touch with Nixon and "have indicated their interest in buying Newsom out."

"It is now up to Governor Brown to indicate whether he will give his consent and whether he now believes the state should seek to renegotiate Newsom's contract," Nixon said.

## Morgan Again Improvement Group President

DESERT HOT SPRINGS — Leslie S. Morgan was reelected president of the Desert Hot Springs Improvement Association for a third term.

Others returned to office are: Ed Richards, vice president and Mrs. Loring Cleaves, secretary.

Loring Cleaves will be the new treasurer. J. Marie Ropp and Nicholas Boychuck will serve one year terms as members of the board of directors. The new officers will be installed on June 2.

## Council in Weighing of Annexation

The Palm Springs city council is weighing annexation costs versus possible county planning protection for sections northwest of the city around the Tramway site.

The council, which had studied annexation of Section 24, Township 3 south, range 3 east, and Sections 19, 29 and 30, Range four east, asked for more detailed studies of police and fire costs if annexation is completed. Councilman Earle Strebe told the council the costs would exceed foreseeable revenue. He asked for a letter to the county asking cooperation in zoning control around the north city entrance area.

Council members George Beebe and Mrs. Mary Carlin told the council that sign placement and some commercial construction in unincorporated areas abutting Palm Springs are indications that the county cooperation would be negligible.

"We already have incorporated land almost to the railway depot, so we wouldn't actually be extending the length of the city," Mrs. Carlin explained.

The planning commission recommended annexation.

## Golf Course Apartment Building Now Cancelled

Graceful Japanese - styled one and two-story apartments planned for a 14 acre site on Palm Springs Golf Course won't be built, Councilman George Beebe Jr., reported.

Beebe told the council that he had learned from Arthur Leonard, official of the Westview Development Corp. which owns the land planned for the project, that Federal Housing Authority financing was not arranged for the \$2.5 million apartments.

The reported close-out of the plans by developer R. J. Hanousek put an anticlimactic ending on the controversial plan which was bitterly opposed by several council members. Beebe had emphasized during the hearings which led to a zone change from R-2, limited multiple dwelling, to R-3, hotel and apartment, that the council must protect the golf course. He termed apartments in the midst of fairways "unique."

The city council was asked by Beebe to vote the R-3 zoning back to R-2 or R-1 single family residence. The council had stipulated in the zone change action that the project must be underway within nine months of the Feb. 19 approval or the property would go back to R-2 zoning.

### GIVES UP SEARCH

WASHINGTON (UPI) — The Army has officially given up hope of finding the 93 troops, 3 Vietnamese and 11 crew members aboard a U.S. plane that crashed in the Pacific March 16.

"The most extensive sea and air search in the history of trans-Pacific flight failed to locate any trace of the Flying Tiger Line Constellation, its crew or its passengers," the Army said.

This special type of bread is high in food value, delightful in taste and has extraordinary keeping qualities. The extra purity of the ingredients and the special method of baking make these features possible.

Every detail of this valuable recipe is faithfully followed by the Barbara Ann bakers. We believe, when you try Shepherd Boy bread, you, too, will say that it's remarkable. Pick up a loaf or two at your market today.

## DESPITE REJECTION

# Citizen Hearst Rushed

NEW YORK (UPI) — Charles Scribner's Sons, publishers, reported a rush of orders today for W.A. Swanberg's biography, "Citizen Hearst," which was rejected by Columbia University Trustees for a Pulitzer Prize in spite of an Advisory Board recommendation for the award.

A spokesman said orders were coming in from all over the country for the biography of the late newspaper publisher William Randolph Hearst Sr., which the advisory board had recommended to the trustees together with Mark Schoerer's biography of Sinclair Lewis. He said the firm probably would "make more mileage" on "Citizen Hearst" than if it had won a Pulitzer.

Swanberg said at his home in Newtown, Conn., that "when you come right down to it, Hearst would hardly fulfill the specifications" laid down in the will of the late newspaper Publisher Joseph Pulitzer for the prize in biography. Pulitzer said the award-winning book should "Teach patriotic and unselfish services to the people, illustrated by an eminent example, including the too obvious names of George Washington and Abraham Lincoln."

"I feel that to a large number of people Hearst was too controversial a figure to be given an award of this nature," Swanberg said. "When I did research for

# New Drug Effective On Cancer

MADISON, Wis. (UPI)—A drug called aristolochic acid has proved effective against cancer in mice, a University of Wisconsin scientist reported Monday.

Prof. S. Morris Kupchan and his associate, Dr. Raymond Doskotch, reported in a scientific journal that the substance has "reproducible activity" against a standard laboratory type of mouse cancer.

Kupchan is testing many different plants from all parts of the world to learn whether they may contain chemicals of value in treating cancer. Aristolochic acid comes from a plant native to India.

"It is of considerable interest," Kupchan wrote, "that extracts of various species of aristolochic have been used in the treatment of cancer since antiquity; references to such use occur at least as far back as the Graeco-Roman period."

The pharmaceutical chemist said this is the first time a compound of this type has shown antitumor activity. It may provide a lead for chemical modification which might eventually yield a useful drug, he said.

# Vets, Wives In Potluck

PALM SPRINGS — World War I Veterans and their wives held a potluck dinner in the conference room of the Santa Fe Federal Savings and Loan Bldg.

Some 80 people were in attendance at the dinner, which was followed by a meeting discussing ways and means to support the Veterans National Committee, which is presently in Washington, D. C.

They are trying to pass a pension bill out of the Veterans Legislative Committee and on to the floor of the House of Representatives for discussion and vote.

The meeting and dinner concluded with writing to Congressman Sound to urge the passing of the bill.

# County Branch Hospital In Indio Firmly Refused

RIVERSIDE —Representing the Coordinating Council of Coachella Valley, Fred Mack of Indio has renewed the organization's request of a year ago that the county purchase the Coachella Valley Hospital in Indio for a county branch hospital.

He suggested to the board of supervisors that the facilities could be used for a county clinic and pharmacy if not for a regular hospital, and a part of the building could be used as offices of the county welfare department.

Mack's suggestions failed to get any supervisory support and were filed. He presented the appeal as a last plea. "Let's kill it now," he pleaded. "The need is great down there."

## PALM DESERT

# Fun at Huckleberry Finn Party

PALM DESERT — Mark Twain must have laughed with the gods as he looked down at the hilarious Huckleberry Finn party given by Beth Fisher and Carolyn Seeman at the Whitewater Trout Farm. Dressed like kids of the Tom Sawyer era, the guests gathered "around fourish" to start their fishing stint. No fish, no dinner! As each new "get-up" arrived the laughter started and didn't let up until all went home, full of fish and fun.

Each guest received a comical child's toy, (Little animals you could pull around and ducks that quacked). The guests brought their own version of yardsticks to measure their catches! Joe Spoda arrived with his accordion and they whooped into Twisting between strikes, with Snake lines and the Virginia Reel thrown in for variety. Joe made up his own "fish songs" as he played.

Prizes for the most Huckleberry Finn costumes went to Wilma Moran and Keith Crouse. The largest fish caught brought a prize to Robert Udall. There was supposed to have been a prize for the best quartet, but there turned out to be too many quartets so there was no one left to judge.

Bud Taylor carried away the best fish story prize, which was about a fish he caught that was so heavy that when he put it in his pocket it burst the button on his pants; the button flew off and knocked out a rabbit hopping by.

Over 100 fish were caught by the Mmes. and Mmes. Peter Anderson, David Ball, Albert Beckman, Richard Coffin, Keith Crouse, Jim Doty, Miller Dunkel, Raymond Ellis, Eddy Howard, Clyde Johnston, William Juvenon, Albert La Pierre, Wm. Newell, Bud Porter, Thomas Quinn, William Rawitzer, Donald Davidson, Bea Shaw, Eddie Susalla, Clifford Wof-

ford, John Moran, John Bosard, Ben Vallat, Bob Waters, Robert Udall and Don Cameron

Other fishermen were Dr. and Mrs. O. J. Costello, Mrs. Maude Chambers, Miss Jean Ann Hirsch, the Mmes. Dorothy Pierson, June Miller, Raymond Pierson, Roy Schwod, and Joe Hughes, Don Blocksme, and Bud Taylor.

Friends of Helen Furer and her mother, Mrs. Fausta Splane, will be delighted to know that Mrs. Splane was brought from Los Angeles by ambulance, and is now comfortably located at the El Cantito Convalescent Home in Desert Hot Springs. She has a beautiful view of Mt. Jacinto from her window and is happy to be on the desert again.

Mrs. Splane's sons, Robert and Howard, have moved to northern California. (Robert is in the sheriff's office in Yreka and Howard is raising horses on his ranch outside of Medford, Ore.), so she is glad to be so near to Helen. Mrs. Splane hopes that her friends will stop by to see her on Hermano Way when they are in the Hot Springs.

Another fun party was the one given by Mrs. L. W. Thompson for 46 friends, at Shadow Mountain Club. The tables were beautifully decorated with pink petunias done by clever Thirza Schenck. After the delicious luncheon Lela announced that they would retire to the Indio Room for Bridge, Shanghai, and Conversation. The latter place at the "gossip table", where a prize for the biggest yarn went to Margaret Cohuns.

Those attending the pleasant afternoon of play were the Mmes. Phillip McClay, Roy McCall, Clifford Henderson, Irene Fenton, Telford, Thomson, Henry Reinhard, Harry Dugan, George West, Marguerite Cohun, Jay Price, Elsa Cady, A. C. Cooper, Zeldia Peterson, John Moran, John Vale, Wil-

bur Bear, Carl Henderson, Harold Dahlberg, Frank Soronson, Herbert Shaw, Harold Jensen, L. J. Seaback, Charles Newcastle, Ludlow Flowers, Belle Keighly, Elgin Cole, Louise Smith, Thirza Schenck, Walter Stearns, Thoral Lake, Howard Robinson, J. B. Stam, Amos Bomberger, P. M. Baker, J. F. O'Connor, George Townsend, Fred Siemen, Roy St. Leon, Mon Walgren, Edward Ruge, Jack Horner, Paul Diggie, L. C. Lewis, Jay price, R. H. Reid.

Mrs. Mark De Bolt of Fairmont, W. Va. is visiting friends and relatives throughout the desert. In Palm Springs she has been entertained by the D. C. Stachler's. Mrs. Stachler is the sister of Mrs. De Bolt), and locally by the Mrs. Stuckey's. She attended the recent meeting of the Palm Desert Women's Club, and enjoyed the program given by Joan Wilcoxson. Not having been on the desert for some years she is amazed at the growth of the area.

Helen Monsen (sister of Dorothy Lingo) just flew back from a quick business trip to Juneau, Alaska, where she attended an airline board of director's meeting. While there she saw Lorraine Holden, long time visitor to the desert. Helen arrived in Juneau with rain and snow, and reported only one nice day during her stay.

Guests attending birthday party given by Ruth Gurley for her sister-in-law, Irma Gurley, at Thunderbird Country Club were Vera Farrel, Irene Atteberry, Annabel Stargrant, Lydia Roen, Jessie Delk, Dora Lee Wanamaker, and Elizabeth Tresavant (who drove out from Los Angeles especially for the party). Everyone commented on the beautiful roses of assorted colors that graced the table and came from the garden of Mrs. Wanamaker.

## LIGHTER SIDE

# Senator Like Child

By DICK WEST

WASHINGTON (UPI) — The Health, Education and Welfare Department has just brought out a new edition of its popular publication "Your Childr From One to Six."

As I was glancing through the booklet, I was struck by a curious comparison. I kept thinking how closely the first six years of a child parallels the first six-year term of a U.S. senator.

The pre-school child, says the booklet, "feels to a large extent that he is the center of the universe and that he controls a lot more things than he really does."

Now I ask you, have you ever seen a more trenchant description of a senator?

In fact, the entire development of the two groups is amazingly similar, if you don't count such things as "potty training" and "thumb sucking."

## Suggests Substitution

Take, for instance, the section on speech. I have copied some excerpts from it below. If you substitute the word "senator" in the appropriate places, you will see what I mean.

"From the beginning he uses his voice by pitch and intensity changes, by crying, chuckling, or fearfully shrieking to tell you how he feels . . .

"He seems to converse with characteristic pauses and inflections, although the individual sounds are meaningless . . . (He) is apt to overdo the power of words for a time . . . Slowly he gains the ability to express his desires in more detail . . .

"Learning to use pronouns correctly comes somewhat later because . . . he has a self-centered view of the world. He still feels that he is the only 'me' that counts . . .

## Wants To Manage

His first three years, the booklet tells us, are characterized by "his fierce desire to manage everything . . . He is complicating life by wanting to run everything himself."

During his fourth year, he still has an "imperfect sense of what, and who, causes what." He "scarcely can distinguish between what he has done, and what he has imagined or "wished he could"

The fifth year is a sort of milestone in the development pattern, although "he's far from mature in many respects." He may "press beyond his endurance," "go overboard on rules" and "tend to check on others in a bossy fashion."

The booklet is filled with advice to parents, much of which can be applied to voters who are bringing up a senator.

You can take comfort from knowing that "some of the annoying baffling behavior" is just a stage and "won't necessarily be happening next year."

You also should bear in mind that some of it stems from his fear that you will "let someone else take his place."

### County Accepts Library Property

RIVERSIDE — A deed for the lot in which the public library in Cathedral City is located was accepted by the board of supervisors Monday on recommendation of County Counsel Ray Sullivan.

Acceptance is subject to an obligation to transfer the property to any city that might be established in the area or with a right to transfer to an agency having public library functions.

The three grantors, James K. Wolseth, Marie Robertson and Marguerite G. Hillery were designated as trustees for the donation by the original donors Harvey E. Peterson and Edna P. Peterson some 20 years ago.

### Sorority Honors Founders

Costumes from different countries were seen at the Holiday Inn when the Desert Cities Council of Beta Sigma Phi sorority celebrated Founder's Day, the 31st anniversary of the organization's founding. Toastmistress for the evening was Lois Mae Hall of Xi Iota Epsilon, wearing the costume of Uncle Sam.

Eleanor Donahue of Chi Theta, D.C.C. president, led the opening ritual, and Mina Scheffler, Xi Iota Epsilon gave the Beta Sigma Phi grace. Lois Mae Hall welcomed the new pledges and introduced the guests and officers.

Past presidents honored were: Vivian Allchin, 1938-39; Marge Hayes, 1939-40; and Betty Talley, 1940-41. Betty Eggstaff, Sigma Theta, "Sweetheart of D.C.C.," 1962, and Betty Kersteiner, 1961, were among those honored.

Arleen Starrett, Sigma Theta, gave a history of the chapters for the past year. Vivian Allchin, M.C.C. president, read a message from Walter W. Ross, founder of Beta Sigma Phi. The Founder's Day Pledge was read by Dottie Read, Xi Theta Eta.

Three minute notes were given by Pat Walberg, Tau Sigma on "Beauty"; Millie Herbert, Sigma Gamma, on "Humility"; and Iris Down, Chi Theta, on "Life, Learning and Friendship".

Guest speaker for the evening was Trish Dykman, American Field Service exchange student from Rotterdam, Holland, who told of social life in her country. Entertainment was provided by Carmen Cookson and Carol Moreno of Sigma Theta, doing dances from other lands. Members of Phi Alpha Xi sang "Wings of Beauty".

Eleanor Donahue, outgoing D.C.C. president, installed the new officers, carrying out a nautical theme. Installed were: Captain Jane Dill, president; First Mate Sandy Kelsey, vice president; Second Mate Almeda Stone, recording secretary; Radio Operator Opal Porter, corresponding secretary; Purser Vivian Allchin, treasurer; Chief Boatsman Carol Moreno, civil defense chairman.

The different chapters gave their "Girl of the Year" trophies. Those chosen by their chapters as being the most active in sorority work were: Tau Sigma — Pat Wahlberg; Chi Theta — Ruby Hammer; Phi Alpha Xi — Linda Durning; Sigma Theta — Arleen Starrett; Xi Iota Epsilon — Mina Scheffler; and Sigma Gamma — Lucille Fostvedt.

The best scrapbook award went to Xi Iota Epsilon. The attendance award was won by Tau Sigma.

MRS. C. W. GULICK, of Stockton, is the organizer of the California State Chapter of the P.E.O. Sisterhood which is in convention at the Palm Springs Riviera Hotel, May 8, 9, 10.

### Nove Sholom's Mother's Day Dinner Tonight

A Mother's Day banquet will be held by the members of the Sisterhood of Congregation Nove Sholom, this evening at 6 p.m. at the Jewish Community Center in Desert Hot Springs.

The affair will be limited to members and their husbands, with special recognition to Mr. and Mrs. Sol Winter, president of the Center, who are leaving on May 12 for Detroit.

## D.A.R. Fetes Fifteenth Birthday

Cahuilla Chapter, Daughters of American Revolution, met at the home of Mrs. Daniel McCauley, with Mrs. Ray Rodney Jones, Mrs. James Whigam and Mrs. George Anderson as co-hostesses, serving finger sandwiches and birthday cake to celebrate the fifteenth birthday of the D.A.R.

Looking out the window, members were impressed by the patriotic theme, with flag colors repeated in the red and white oleanders and the blue pool.

Mrs. Fred Nitchy, Regent, presided over the meeting with Mrs. Harry Brott as installing officer for the 1962-1963 slate of officers.

Mrs. Ray Rodney Jones was installed as new regent; Mrs. Orin Welch, 1st vice regent; Mrs. Frederick Watson, 2nd vice regent; Mrs. Daniel McCauley, chaplain; Mrs. Saul Ruskin, recording secretary; Mrs. Rudolph Harmon, corresponding secretary; Mrs. James Whigam, treasurer; Mrs. August K. Paul, registrar; Mrs. Frank Winterton, assistant registrar and Mrs. Florence Bacon, historian and librarian.

Mrs. Jones conducted the business session, naming chairman of committees and meeting places and wished everyone a happy summer until they meet again in October.

The word "honeymoon" came from the term "honey mouth." In ancient Europe, the bride and groom were required to drink mead—a kind of wine made from honey—for 30 days after the wedding to insure fruitfulness.

## Mrs. Matloff Installed City of Hope President

Nearly two hundred members and guests gathered in the Chi Chi Starlite Room to witness the fifth annual installation of officers for the Palm Springs Chapter City of Hope.

Abe Schwartz, chairman of the event, introduced the guests at his table and thanked all the members and their friends for their support.

Rose Walders, regional director, reported on the humanitarian work

and research going on at the National Medical Center in Duarte. She then installed the following board of directors for the ensuing year: Bess Matloff, president; Ruth Moise, vice president, chairman of board; Anne Cobin, vice president and membership chairman; Gene Burten, vice president and chairman of programs; Rose Spector, recording secretary; June Golden, corresponding secretary; Raye Gholstin, financial secretary; Hy Walders, treasurer; Dorothy Rosen, secretary of the board; Irvin Matloff, bulletin editor; Carrie Minsk, donor record chairman; Annette Patterson, public relations chairman; Gene Burten, publicity chairman; Dorothy Slatin, tile chairman; Min Wyse, meeting arrangements; Ethel Lyons, tribute fund chairman; Tillie Rosenbaum, Blue Banks chairman; Pauline Stone, sunshine chairman; Mae Heller, special projects; Sadie Love, gifts chairman; Sophie Goodman and Jean Sapper, members-at-large. Also the following trustees were installed: Messrs. Abe Schwartz, Martin Cobin, David Spector, Harry Stone, Irvin Matloff, Jerry Gore, Ben Bronstein, David Slatin, Joseph Fahn, Charles Moise, Hy Walders, Max Rosenweig and Hy Finerman; hospitality committee: Lena Bronstein, Dorothy Jaffe, Rose Segal and Eve Richman; public relations telephone committee, Mmes. Edna Friedman, Sarah Freeman, Emma Freeman, Eleanor Short, Alice Plotkin, Irene Bomson, Bess Frisch, Blanche Katz, Madeline Ruskin and Clarie Hirsch. Special secretary to the president, Elizabeth Notes.

Fae Brezin, past president, received an oscar "The Angel of Mercy." She thanked all the outgoing officers for their support during her five years as president.

Among the many telegrams sent to the new president were congratulations from Seymour Graff, president of the National Medical Center and Hilda Taubkin, area director.

## Around Town

WITH HILLY CRAWFORD

The Desert Sun

Wednesday, May 9, 1962  
Palm Springs, California

Three couples from Shirley's home town of Salt Lake, flew in their private planes for a short stay at the Racquet Club, and occasioned a poolside party which Shirley and Cliff Brown hosted at their Belding Drive home. Honored guests were the Tom VanWagoners, Stanley Bushes and Dr. and Mrs. Robert Felt.

Among the guests were the Jimmey Coopers, George Beebe Jr. and Rosemary Orloff, the Harold Wests, Tom Kieleys, Eddie Davidson and Peter Helmers.

Also: Taylor and Ernie Dunlevie, the Bob Cheadles (of Western Air Lines), Jane Stark (Fashion editor of Look Magazine), Dress Designer Jimmy Gallinos, Model Pat Jones and the Robert Carsons (he's a writer from Los Angeles).

Lunch in Chi Chi's Blue Room and conversation with Julian Stiff and LeRoy Burgener brought to light some interesting food habits they have noticed among their customers.

Guest who orders most of the Eastern seafood... the eastern visitors who usually have it available at their own front doors. Midwesterners order those Kansas prime meats and we westerners and desert dwellers go for the fresh fruits and dates. As for that Chi Chi dressing (it's recipe is a top drawer secret) it is shipped all over the country. We won't mention any names but one prominent Chicago hostess has a thermos of it air-freighted to her in Chicago and takes great credit for "her dressing."

Phil Short has a peculiar wrist-watch, an old-fashioned time piece that has been in the family for years. And what's odd about it is that it's strictly an L.A. watch... that's the only place it keeps perfect time for him... as soon as he gets back on the desert it loses its accuracy. It sounds like something Harry Oliver had

dreamed up for the Liars' Contest... but Phil swears it's true.

Virginia and Fred Waring are among the new winter residents at Bermuda Dunes Country Club. Waring, who owns his own golf course back in Pennsylvania, has a decorator busy furnishing their recently purchased house on the first fairway, and expects to move in next October.

It was Old Home Night out at Shadow Mountain with charter members all over the place, when they welcomed those club favorites Art and Dottie Todd back for the Welcome Home Party. Tommy Tomson (he planned the layout of Palm Desert) and his wife Doris were celebrating their 38th wedding anniversary so Art and Dottie played their favorite song "My Darling." President Cliff Henderson and Marion had as their guests the Bill Newells, Judy Meyer and the Tomsons.

The sequence for choosing dresses for the wedding is this: first the bride, then the bridesmaids, the mother of the bride, and the mother of the bridegroom. Mothers should plan to have their dresses harmonize.

## Argentina Drifting in Crisis Cross Current

By PHIL NEWSOM  
UPI Foreign News Analyst

For a month Argentina has drifted dangerously in crisis, caught in the cross-currents between resurgent Peronism and military leaders bitterly opposed to anything resembling a return to the policies of the ex-dictator.

In the midst of this has been President Jose Maria Guido, placed in office by the military after the fall of President Arturo Frondizi.

This past weekend Guido was forming his second cabinet in four weeks.

**Lack of Plan**  
Multiplying Guido's difficulties was an apparent lack of plan by the men who put him in office and who also suffered a lack of unity among themselves.

In contrast were the Peronistas, who at least knew what they wanted.

They demanded an end to the austerity which had begun to restore international confidence in the Argentine peso and a return to nationalism which would be felt by foreign investors.

From his comfortable Spanish exile in Madrid, Juan D. Peron was pulling the party strings and seeing what might prove to be his best chance for a return to power.

Not asked but giving their enthusiastically received support were the Argentine Communists.

For those who still held hope for Argentina, President Guido himself provided a slight, encouraging ray.

He had shown unexpected strength in dealing with the various military factions. For economic minister in his second cabinet he had selected Alvaro Carlos Alsogaray.

Alsogaray, who has been described as looking like a small-town banker or school principal, directed Argentina's austerity and stabilization program for nearly two years under Frondizi.

It was Alsogaray who late in 1959 arranged nearly \$300 million in loans and credits to help stabilize the Argentine economy.

The peso steadied on the international monetary exchange. Foreign investments and private enterprise were encouraged.

**Lost Post**  
As part of his vision of a "new Argentina" of economic plenty, Alsogaray sought to build a prosperous middle class as a bulwark against Communism.

A year ago, Alsogaray lost his post in the Frondizi cabinet.

In the ensuing months, four economic ministers came and went.

A poor wheat crop led to a drastic cut in exports and in 1961 the country's trade deficit amounted to \$450 million, double that of the year before.

The cost of living mounted by 18 per cent.

The announcement of Alsogaray's return to government led to an immediate strengthening of the peso in international exchange rates.

But the way ahead will be rough and possibly of short duration.

Labor leaders received news of his appointment unenthusiastically. He still must face the problems of the enormous deficit piled up annually by government-operated services such as the railroads.

And among the Argentine people there is no sure sign of a determination to carry out the sacrifices Alsogaray will demand.

Perfect attire for the mother of the bride for an informal evening wedding is a street-length cocktail dress with a small, flowered hat or veil.

## Horoscope Forecast

By CAROL RIGHTER

Wednesday, May 9, 1962

**GENERAL TENDENCIES:** Until noon very adverse aspects are in effect for trying to get things accomplished. So make it a point to show your associates that you can be controlled and considerate of them. The afternoon and evening, however, are fine for social events and for social and general prosperity and popularity. Keep in a creative mood.

**ARIES** (Birthdays from March 21 to April 19)—Any frivolity at this time can cause you to lose favor with higher-ups and those who have power over your affairs. Evening fine for making rapid strides toward most cherished goals.

**TAURUS** (Birthdays from April 20 to May 20)—Diplomacy is required during A. M., so that you do not upset family in any way. Later, be sure you show kin how much they mean to you. Evening fine for light entertainment at home.

**GEMINI** (Birthdays from May 21 to June 21)—Real caution should be used on the road this A. M., and particular tact with associates. However, every chance is yours tonight to enjoy the hobbies that most please you.

**MOON CHILDREN** (Birthdays from June 22 to July 21)—Don't be extravagant during A. M., and be particularly practical in monetary and property matters. Try to get advice from experts this evening and then set up a workable budget.

**LEO** (Birthdays from July 22 to Aug. 21)—Curb that temper this morning and be kind to family instead of explosive. You can realize your desires tonight by getting into the social whirl you so enjoy. Be charming.

**VIRGO** (Birthdays from Aug. 22 to Sept. 22)—By working steadily in A. M., you soon get rid of anxieties that disturb you. Get abode in order this evening, then be off with good friends who are cheerful and kind.

**LIBRA** (Birthdays from Sept. 23 to Oct. 22)—Get rid of that gossip friend this morning as soon as you can. Evening, however, is a fine time for social progress and meeting the right kind of people. Be polite.

**SCORPIO** (Birthdays from Oct. 23 to Nov. 21)—Avoid influential persons in A. M., who are desirous of using you for their own selfish interests, to teach others a lesson. Evening is ideal for worldly interests. "Grow."

**SAGITARIUS** (Birthdays from Nov. 22 to Dec. 21)—After lunch is best for getting new projects under way. Show that you can handle details well and be sure to get as much information as you can that is important to your progress.

**CAPRICORN** (Birthdays from Dec. 22 to Jan. 20)—Better not follow your hunches this morning if you want to make progress, but listen to advice of good but opinionated ally. Later, devise plans that will meet with approval of associates.

**AQUARIUS** (Birthdays from Jan. 21 to Feb. 19)—Don't enter into argument between associate and higher-up or you are the scapegoat in A. M. Get into new plan with partner later that solve problems for all connected with you.

**PISCES** (Birthdays from Feb. 20 to March 20)—Care is required on the job this morning and be sure you don't argue with co-worker. Later, everyone is in a better mood and much can be accomplished. Labor diligently and efficiently.

**If Your Child Is Born Today**  
 He, or she, will be one of those individuals who will learn most important lessons of life early and you must help your progeny to do so. Then the adult life is filled with inspirational thoughts and ideas and much success follows, especially in work that requires a display of the dramatic, for which your child will be ideally suited. Government or civic career is fine.

"The Stars impel, they do not compel." What you make of your life is largely up to "You!"

## Movement For Growth

**LOS ANGELES (UPI)**—Much of the predicted growth of counties surrounding Los Angeles County will be population movements from this area, the research committee of the Chamber of Commerce reported here.

But the Los Angeles metropolitan area will still gain 35.49 per cent by 1970, the report said, giving it 9,043,000 residents.

Dr. Norman Topping, committee chairman and president of the University of Southern California, said many persons move to Southern California for employment in Los Angeles, but prefer to live in neighboring counties.

Orange and Ventura counties, in particular, will gain the most population, Dr. Topping said. A large percentage also will be picked up by San Bernardino and Riverside counties.

A gain of 37.35 per cent was predicted for 15 Southern California counties. The total population for this area would be 13,529,000. The report also said the state will increase 35.34 per cent to a population of 21 million by 1970.

## Pulitzer Prize Winners From Throughout Country

NEW YORK (UPI) — A two-year campaign against crime which resulted in federal indictments against police officials earned the Panama City (Fla.) News-Herald the 1962 Pulitzer Prize for meritorious service in journalism.

The newspaper's editorial campaign against gambling and illegal liquor operations resulted in indictments of a former police chief and a sheriff of Bay County, Fla., and five others on conspiracy charges.

Announcement of the 46th Pulitzer Prize Awards was made here by president Grayson Kirk of Columbia University.

The prize in fiction went to Edwin O'Connor for his novel, "The Edge of Sadness," the story of a Roman Catholic priest's battle against alcohol.

The hit Broadway musical "How To Succeed In Business Without Really Trying," by Frank Loesser and Abe Burrows, was awarded the drama prize.

A new prize, for general non-fiction, was given to Theodore H. White for "The Making Of The President, 1960."

In the journalism category, other awards went to:

Robert B. Mullins, Deseret News, Salt Lake City, Utah, for local reporting under a deadline. Mullins was cited for his "resourceful coverage of a murder and kidnapping at Dead Horse Point, Utah."

George Bliss, Chicago Tribune, local reporting without deadline, "for his initiative in uncovering scandals in the Metropolitan Sanitary District of Greater Chicago, with resultant remedial action."

Nathan G. Caldwell and Gene S. Graham, Nashville Tennessean, National reporting, "for their exclusive disclosure and six years of detailed reporting under great difficulties of the undercover co-operation between management interests in the coal industry and the United Mine Workers."

Walter Lippmann, The New York Herald Tribune Syndicate, international reporting, for a 1961 interview with Soviet Premier Nikita S. Khrushchev, "as illustrative of his long distinguished contribution to American journalism."

Thomas M. Storke, Santa Barbara (Calif.) News-Press, editorial writing, "for his forceful editorials calling public attention to the activities of a new semi-secret organization of the John Birch Society."

Edmund S. Valtman, Hartford (Conn.) Times, journalistic cartoons, for a cartoon entitled "What you need, man, is a revolution like this." It depicted Fidel Castro holding an enslaved Cuban by a neckchain and speaking to Brazil.

Paul Valthis, Association Press, Harrisburg, Pa., for a picture, "Serious Steps," which showed President Kennedy and former President Eisenhower, backs to the camera and heads bowed, meeting at Camp David, Md.

Each of the awards includes a cash prize of \$1,000.

The music prize went to Robert Ward for a three-act opera, "The Crucible," based on Arthur Miller's play of the same name about witch burnings in Massachusetts during the 17th century.

The history prize was won by Lawrence H. Gipson, 81-year-old Rydal, Pa., historian, for "The Triumphant Empire: Thunderclouds Gather In The West, 1763-1766." The book is Volume 10 of a series entitled "The British Em-

## Christopher Is Against Pay Floor

OXNARD (UPI)—San Francisco Mayor George Christopher said Tuesday he would oppose a minimum wage for California agricultural labor unless it also applied to the entire nation.

The GOP candidate for lieutenant governor said that if there is to be such a law for agriculture, "it must come from the federal level in order to apply equally to other states."

"California farm wages already are among the highest in the nation," he said, "and an enforced minimum wage in this state alone would discriminate against California agriculture and agricultural workers by pricing their products at a grave competitive disadvantage."

Christopher said there must be protection against strikes at harvest time in the public interest, but "in the interest of the farm worker, compassion must be shown in wages, working conditions and facilities for migrants."

Speaking before a Republican breakfast meeting, Christopher said relations between the state government and agriculture "we have been seriously damaged over the past three years by an administration which had made virtually no attempt to hide its hostility toward farmers and its ignorance of their industry."

### SIGN TRADE PACT

RIO DE JANEIRO (UPI)—Brazil and the Soviet Union have signed a \$40 million trade agreement under which Brazil will sell Russia 40,000 tons of coffee and buy 600,000 tons of crude oil, 300,000 tons of wheat and \$10,000 million worth of machinery.

## Van Johnson in Settlement of Child Support

LOS ANGELES (UPI)—Actor Van Johnson and his estranged wife, Eve, have reached an out-of-court settlement on temporary child support and \$5,000 temporary monthly alimony pending trial of her separate maintenance suit.

They appeared in court here for a resumption of a temporary support hearing. Johnson has challenged the \$5,000 alimony for the care of their daughter, Schuyler, 14.

## New Spacecraft May Detect Life on Mars

By ELDON BARRETT

SEATTLE (UPI)—Detection of possible life on Mars may be accomplished with the development of an advanced spacecraft called Mariner B, to be launched in 1964, the second National Conference on the Peaceful Uses of Space was told Tuesday.

Edgar M. Cortright, deputy director of the National Aeronautics and Space Administration's Office of Space Sciences, said the new craft would be powered with an Atlas-Centaur rocket and would be designed for flight to Mars.

A landing capsule would be guided toward the planet by the basic spacecraft which will then fly by the planet, he explained. While the capsule enters the atmosphere and lands, the spacecraft will perform scanning experiments.

Another spacecraft, known as

Mariner R, is being designed to land on Venus.

"With the capsule on the surface of Mars may well come the first proof of extraterrestrial life," he said.

Cortright was one of seven space scientists reading papers at the conference today.

He was preceded to the stage in the Opera House of the Seattle World's Fair grounds by Dr. Homer E. Newell, director of the Office of Space Sciences, who described an orbiting astronomical observatory under development by the Grumman Aircraft Engineering Corp., Bethpage, N.Y.

He said the OAO would be the largest of the scientific satellite observatories—about 10 feet in length and weighing about 1½ tons—and would be guided so accurately it could approach 0.1 second of arc.

All fourth, fifth and sixth grade students enrolled in the elementary schools of the Palm Springs Unified School District will attend the concert. The public is invited to attend.

### HIT WITH BAT

BEVERLY HILLS, Calif. (UPI) — The 14-year-old daughter of former Vice President Richard M. Nixon apparently escaped serious injury here when she was hit on the head by a softball bat.

A spokesman for the Nixon family said Julie Nixon was hit on the side of the head in a school softball game, leaving her with a lump and a possible broken blood vessel.

# Hotel Group in Installation

## Seven-Point Plan Slated Next Season

Reports of growth and a seven-point program for 1962-3 marked the Tuesday installation luncheon meeting of the Palm Springs Hotel and Apartment Association.

Dr. Sherman Dickinson was installed to succeed himself as president during the Howard Manor Hotel meeting which concluded the season membership meetings. Seated with Dickinson in the HOTAPA officer and executive committee posts were Harold Flannery, first vice president; Roger De Sarno, second vice president; Vera Lamprecht, secretary; and William Foldes, treasurer.

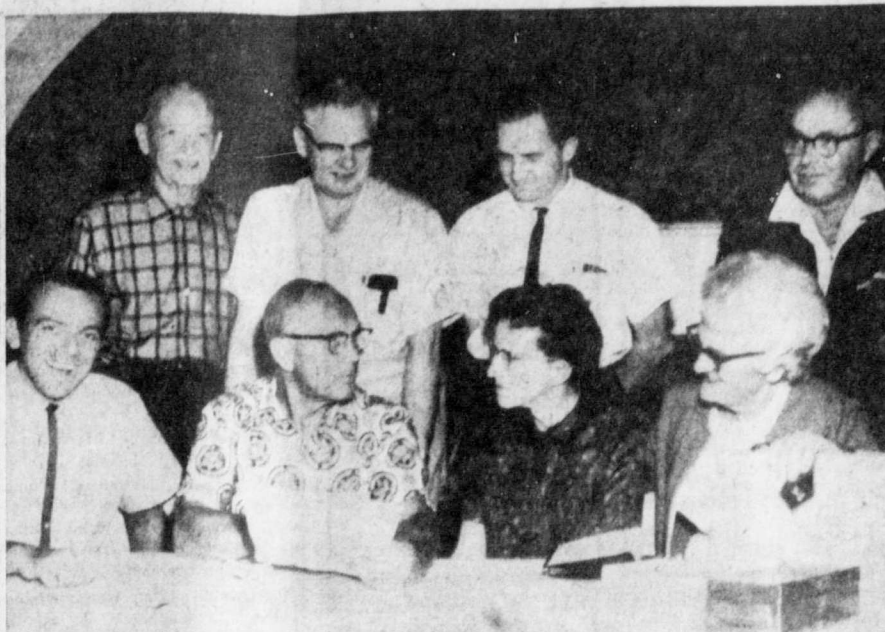

**Board Members**  
Board members for the year will be Ollie Humphrey, Grace Mueller, Dr. Dickinson, Dick Atterbury, Vera Lamprecht, Flannery, Lorin Rowley, Foldes, Dr. Ray Larson, Jim Runte, Sherman Hull, Stan Houston, Gordon Ross, Steve Platt, Bill Zeck and De Sarno.

Membership in HOTAPA has increased 44 per cent from 118 to 170 during the past season, Dickinson reported. Other advances included by-laws revision, dues revision, and employment of executive director C. C. Means, the president reported.

"Translator television reception is alive and improved. Had it not been for your hotel association, there would be no translator at all," Dickinson said. He reported the association is "financially sound," and praised the work of retiring treasurer Gordon Ross.

**Seven-Point Plan**  
Dr. Dickinson's seven-point program for the coming year included studies of traffic and parking problems and institution of "moral and legal controls" over hotel rate signs. He explained he is working with board members on sign ordinance amendments to "eliminate cheap signs which make a honky-tonk of Palm Springs."

The president called for membership assistance in "all possible ways to broaden the tax base,"

possibly through introduction of smokeless "think factory" industries.

Turning to translator television, Dr. Dickinson termed its present condition "shaky" because subscriptions haven't been paid. He called for HOTAPA support of translator to present possible cable rate increases under a service monopoly.

**Convention Hall**  
A feasibility study of a Palm Springs convention hall is being conducted by a committee headed by Grace Mueller, Dickinson said. A report is expected to be released within a week or 10 days.

Final points included continuance and expansion of the HOTAPA group insurance program for upgrading hotel standards. Dr. Dickinson told the membership the protection of standards should include a code of ethics.

Opposition to the HOTAPA support of the translator television service was voiced by new members C. W. Black and James Wilcox. Both called for full membership votes on the issue. Dr. Dickinson and Sig Ehrens, past president,

#### PRIMARY RACES

### 3,000,000 Voters Decide GOP Ballot

By JAMES C. ANDERSON  
SACRAMENTO (UPI) — Nixon and Shell?

About three million registered Republican voters will have a chance to make that choice on June 5.

Their decision will put the winner—either Richard M. Nixon or Assemblyman Joseph C. Shell of Los Angeles—against Democratic Gov. Edmund G. Brown in the Nov. 6th general election.

Because of the abolition of cross-filing, only Republicans will be eligible to cast a ballot in June on the Shell-Nixon race.

As for the nearly four million Democrats, they will have the opportunity to cast a vote of confidence for Brown who has only taken opposition on the ballot in the primary.

Almost overlooked in the intensive campaign being waged by Nixon, Shell and Brown is the fact that the June ballot also lists three other Democrats, one Republican and one Prohibition party candidate for governor. But none ever has made much of a splash in a statewide race before.

#### Sunset Strip Landmark Hits the Dust

HOLLYWOOD (UPI) — Normandie Village, a Sunset Strip landmark where Hollywood stars of a bygone era worked and played, is about to be demolished to make way for a modern hotel.

The village, a complex of garden type apartments, was built in the early 1920s and many of Hollywood's big names made their homes here before and after their names were big.

Those were the days when movies were silent and movie-makers' parties were noisy.

The ornate stuccoed walls of the place — French provincial in architecture — were used for exterior shots in many movies. The Casbah scenes from "Algiers" were filmed here. And it was a convenient and suitable location for movies made after World War II on the French underground and in spy pictures with a European locale.

Names of world famous figures associated with the place at one time or another include: Richard Dix, Billie Dove, Jimmy Stewart, Jean Hersholt, Paul Muni, Myrna Loy, Clara Bow, Joseph Schildkraut, Edgar Rice Burroughs, P. G. Wodehouse, Henry Fonda and Michele Morgan.

The gardens will be swept clear of their lush foliage with only a towering palm tree spared.

After construction will begin on a \$9 million, 20-story hotel—the Hollywood Thunderbird. The 600-room hotel is scheduled for opening in 1963.

#### Cigarette Ban

JERSEY, Channel Islands (UPI) —All cigarette vending machines will be banned from this island in the English Channel beginning Sept. 1 under a regulation announced here.

and none is regarded as a major challenger.

#### First Step Back

For 49-year-old Nixon, the June election will, he hopes, be the first step on the road back to the political pinnacle he nearly reached in 1960 when he was beaten for the presidency by a hair-line nationwide margin of 118,000 votes.

He has virtually ignored Shell, a 43-year-old state assemblyman who proudly calls himself a conservative. Instead, Nixon has concentrated most of his campaign fire on Brown whom he describes as an "amiable bungler."

Brown's reply is that Nixon wants to become governor only as a stepping stone to another bid for the White House. This charge Nixon has denied repeatedly and vigorously. He has pledged that if elected governor he will serve a full four-year term which would rule him out of the 1964 presidential race.

Shell, backed by 10 years of experience in the legislature, claims he is far better equipped to cope with the problems of California than Nixon. The Shell campaign is built around a pledge to reduce government spending and cut taxes.

#### Differ on Birch Society

One of the major differences between Nixon and Shell has been their attitude toward the John Birch Society.

Nixon says that unless Robert Welch, the society's founder, quits Republicans should get out of the organization. Shell, who is not a Bircher, says there is room in the Republican party for all shades of political opinion and that he welcomes Birch society votes.

On the politically explosive issue of reapportionment of the State Senate, the two Republican candidates are on opposite sides of the fence. Nixon advocates giving metropolitan areas more senators; Shell says the present limit of 40 senators is fine.

#### Nixon vs. Brown

To sum up the high points of the candidates' campaigns: Nixon—Says his 11 years of experience as a congressman, U.S. senator and vice president gives him the background and knowledge to cope with the tough problems facing California. He says Brown has made a "mess" out of state government in his four years in office.

Shell insists Nixon is "out of touch" with state issues. Shell believes the cost of state government, currently running upwards of \$2.9 billion a year, must be cut by at least \$300 million to save the state from "fiscal chaos."

Brown—Says he has balanced three budgets in a row, set the state on a course of a \$2 billion water development program, successfully pushed for improvements in higher education and for laws to protect minorities and bring increased assistance to the aged, blind, the needy and the working man.

#### Popularity Varies

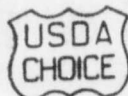

Polls showed Nixon far ahead of both Brown and Shell when the former vice president first announced for governor last September. But recent soundings give Brown a small edge over Nixon. Nixon continues to run substantially ahead of Shell in his primary battle.

## WASHINGTON WINDOW

### Rockefeller's Drive Could Reach the Top

By LYLE C. WILSON

WASHINGTON (UPI) — Gov. Nelson A. Rockefeller of New York has begun to open up on a campaign theme that just might get him elected President of the United States.

Rockefeller is talking about unbalanced budgets—President Kennedy's unbalanced budgets. The governor is in a good position to do that. He is a big spending executive, himself, but well equipped with the courage it takes to lay on new taxes to cover expenditures.

But Rockefeller is a piker among estimators of the Treasury Deficit now impending. He told a Detroit audience this week that the deficit may be as much as \$5 billion when the 1962 fiscal year ends at midnight next June 30. The Kennedy Administration was estimating last autumn that the '62 deficit would be nearly \$7 billion.

Chairman Harry F. Byrd (D-Va.) of the Senate Finance Committee estimates now that this fiscal year will end with the treasury in the red for \$7 to \$10 billion. If so, somebody should be ashamed, but not the U.S. taxpayer.

The U.S. taxpayer is doing all that is asked of him which is plenty. He puts up 53 cents of every tax dollar collected by the Treasury for a grand total of nearly \$50 billion individual income taxes alone. He contributes indirectly most of the entire \$93 billion that Kennedy has budgeted to collect in taxes this year.

That enormous tax take is more than twice as much revenue as was collected in any year during World War II. Put another way, the Kennedy Administration is collecting in a Cold War era more than twice as much tax money as the Roosevelt Administration collected in any year of the hot war.

The Roosevelt and Kennedy Administrations have much in common, however, including budgets that do not balance. FDR never had a balanced budget. For Kennedy, all of the returns are not in. Fiscal 1962 is just about down the drain as far as the government living within its income is concerned. Fiscal 1963 may show a balanced budget but, on the record, that is almost too much to expect. There have been in the past 30 years 24 unbalanced budgets. Bad habits are hard to break.

#### Debt Raised

As Byrd is pointing out to those who will listen, the United States this year is in a strange position, a year of the highest revenue ever collected and the year of the highest public debt. The debt limit was hiked by \$2 billion to an even \$300 billion a few weeks ago. The Administration shortly will ask for another increase to \$308 billion.

### Chuckles In News

#### GOODWILL TICKET GIVERS

MADISON, Wis. (UPI) — The Wisconsin Motor Vehicle Department announced Wednesday it was starting a series of short courses to convert state patrolmen into "ambassadors of goodwill" to tourists visiting the state. State officials said, however, the new duties would not supersede those of handing out traffic tickets.

#### FIREMEN RESCUE POLICE

LONDON (UPI) — Firemen came to the aid of the police Wednesday. They answered an emergency call to free two constables trapped in an elevator at a station house.

#### NEEDED GAS MONEY

WAYLAND, Iowa (UPI) — A sneak thief filched 20 from a service station cash register Wednesday. The description noted he was traveling in a late model Cadillac.

If Rockefeller will be patient, Byrd will supply him with all the facts on Kennedy Administration spending policies. Byrd has begun a Finance Committee investigation of the U.S. financial position.

For U.S. citizens there will be some frightening news in that committee report.

## If Labor Cooperates - All's Well

When President Kennedy told the United Auto Workers Union Monday that they shared responsibility with manufacturers to hold the price line, his words certainly were on the right track. It now remains to be seen if governmental policy follows governmental verbiage.

UAW head Walter Reuther already has served notice that union gains have not kept pace with industry profits and that unions will not be deterred from asking for another round of increases.

Reuther, too, has repudiated any thought of tying wage boosts to productivity increases. Says he, simply, we want a bigger cut of the pie not because we've earned it but because it's our right.

Meanwhile investors already have reacted to Big Steel's retreat from a \$6 a ton price increase by a resistance which has depressed the market. After all, investment capital works, too, and when its return is

not commensurate with the risk in any field, it stays out or moves to a new and more lucrative field.

You can argue with this fact, just as you may argue with labor's right to move or to strike, but you're not going to change it.

Neither can you change the fact that industry's cost to create one worker's job nationally averages at \$13,000; that a slowdown of investment capital slows down employment; and that labor, thus, suffers in the long run.

Now if JFK's effort to hold the wage-rate line, and thus industry's cost, is successful, the benefits would seem to be substantial. Labor, industry, the consuming public and investment capital would all operate in a more favorable atmosphere.

The President certainly has a big and laudable objective in his message to organized labor. The attainment will need both determination on his part and cooperation on the part of organized labor.

## At Least, We Can Replace a Window

The Defense Department has promised that special reminders about the need for restraint in supersonic flying over heavily populated areas will be sent military commanders in areas from which complaints have been received about the fear-creating booms and their jarring effects and damage.

Defense General Counsel C. R. Vance advised California Senator Thomas Kuchel that instructions had been given the armed services during the past two years in an effort to keep supersonic aircraft from upsetting people and that the federal government recognizes a responsibility for "payment of just claims for damages" because of military aircraft operations.

But there may be a germ of trouble in that promise. With manufacturers test-flying supersonic craft for future passenger service,

there may be some conflict on where the blame lies.

And, touching on the problem of flying over heavily populated centers, the Defense Department pointed out the national safety and that of the complaining cities demanded that these supersonic military aircraft be based near metropolitan areas.

In the event of possible "unfriendly action by another nation," the department said it would be necessary to intercept unidentified planes "at supersonic speeds on the most direct route. Delay in such precautionary flights could be disastrous."

So as long as they try to avoid smashing our windows in times of peace, we probably won't mind it if, and when, the chips are down.

A broken window or two would be, by far, the lesser evil.

## It's Just a Manner of Thinking

It's all in the way you look at it.

Explaining his order for a grand jury investigation of the steel price increase which was withdrawn, Attorney General Robert Kennedy recently told a group of foreign professors that there were two questions:

Did the steel companies get together and agree to raise prices? If so, that would be a violation of the law.

Second, does this one company, United States Steel, so dominate the industry that it controls prices? If it does, it should be broken up.

The attorney general could have gone further. He could have explained that the steel companies were compelled to "get together" and accept the demands of the steelworkers union in a package which ignored the firms' individual identities. He could also have asked another question: "Does the steelworkers union so dominate the industry that it controls wages and should be broken up?"

The foreign professors could be men whose minds reason more logically and they might not have been able to understand such an absurdity.

HOLMES ALEXANDER:

## Rocking Chair Habits Hit Economy

WASHINGTON, D. C. — Those enemies of Society, the drones, loafers and playboys, don't hang around the country club with the Steel magnates as much as you'd think—they join a labor union like the International Association of Machinists (IAM) and take life easy on featherbedded contracts, getting paid for work that is no longer performed or no longer necessary.

Such practices, of course, are the hidden reasons behind high prices, our relatively slow rate of industrial growth, and our inability to compete price-wise and often quality wise with Europe and Japan. The waste from rocking chair work habits is estimated by objective economists at about 5 per cent of the payroll in all industries (although Railroad waste as high as 10 per cent of the wage bill on loafers), a loss to the nation of about \$20 billion a year.

The rather old subject is freshly and revealingly treated in the May issue of "Mill and Factory" by A. N. Weckler, its Washington editor. During the 1960 election and its aftermath, the managers of the hardware-making Yale & Towne plant in Philadelphia, where the work is chiefly performed by IAM Lodge 1717, noted the beginning of a profitless condition. The reason for it appeared to be overmanning. Between January-August, 1961, the company managed to cut 500 workers off the 1700 payroll, but it wasn't a sufficient reduction. The remaining workers still did not have enough to do, or were not doing it. Say it as you will, there was too much leisure for money-making.

Did the favored workers, under these easeful circumstances, really enjoy themselves? The record of dissatisfaction indicated otherwise. In the two-year contract period ending August 1961, the lotus-eaters of Lodge 1717 filed 1360 grievances and committed 43 work stoppages. Discontent and demoralization are what the proletarian writers usually ascribe to the leisure classes, and the thesis seems to be borne out by these easy-going Machinists. They couldn't have been very happy.

Well, management and stockholders weren't happy either. A checkup showed that many of the featherbed work habits commenced during World War II, when laborers could and did get away with almost anything, including draft exemption, such was the push for production. When the contract terminated, Yale & Towne refused to sign a new one without drastic revision of the rules. The result was a five-month strike, after which the union position crumbled, and a new pact was adopted with much of the loafing outlawed. But just

to show what this one company was putting up with, here are some of the intolerable practices that were abandoned or modified:

"Too many bodies": The plant resumed work with only 800 employees (against the original 1700) and at the last report was doing 90 per cent of the output with only about half as many workers.

"Too many union officers": No less than 95 Labor representatives were permitted to roam the shop, prior to the strike, watching out for the workingman's rights on "Too many union surveys": the bosses' time.

Even when there was no grievance at issue, the union made studies in search of something to complain about.

"Work less, earn more": It was discovered that the union leaders had set "norms" of production, beyond which a worker should not produce. This idea of limited output is the contradiction of a free economy.

Not many companies can afford a long strike to root out the loafers. In fact, no company should be required to do so any longer. President Kennedy need only apply his personal pressure to unions, as he did to Big Steel, and the result would be fewer restrictions on work and lower prices.

If the President is shy about such a repeat performance, Congress could pass a bill (HR. 3271) by Rep. David Martin (R., Neb.). It amends the anti-trust laws by making work restrictions unlawful.

One way or another we should post a "No Loafing" sign upon the American economy.

### SHORT IN THE SADDLE

## THIS SIDE Of The Sun

R. F. "Phat" GRAETTINGER

A good little man  
Who will not be beat  
Can often outshine  
A big, slow athlete

He looked like a Junior High kid and I thought he was outfitting himself for graduation, all set to go busting into high school next fall. I looked around for his mama. Then I heard him tell the clerk:

"The name's Pearson. Albert G."

Sure enough, it was little Albie, the Los Angeles Angel outfielder. And that reminded me of a plaint voiced last week at the Racquet Club by Mervin Leroy.

LEROY WAS STILL enthusing about the 16-inning game he had watched the night before from Walter O'Malley's box at Chavez Ravine when the Dodgers beat the Chicago Cubs in seven extra innings.

The Dodger owner was a visitor in Palm Springs over the weekend to soak up a little sunshine and relax. He was a guest at LeRoy's home.

O'MALLEY, who has a considerable stake in Chavez Ravine, was understandably worried about the Angels' home attendance. The largest crowd during their first home stand was around 8,000.

On the road they drew 16,000 in Detroit one game and 21,000 in another at Cleveland.

(It's picking up, however. There were good crowds against the Baltimore Orioles over the weekend while O'Malley was here.)

THE EXPLANATION was that the Angels didn't have the Big Name stars to draw the fans like Duke Snider or Johnny Podres or other Dodgers who have made the headlines since the Flatbush days.

So I'm going to nominate Albert G. Pearson for one of the Big Names. And this Bo Belin-sky. There are others.

Albie's little but worth a trip to the Ravine. Remember his two - run homer at the Polo Grounds against the Dodgers that gave the Angels the championship of Los Angeles?

BY THE WAY, Mervin LeRoy is president of the Hollywood Turf Club which opens its third season today down Inglewood way. And I'm sitting out here in Palm Springs.

So Revel, a Palm Springs horse owned by Helen Kenaston of the Desert Empire, should win today.

Once when Revel was just a kid learning how to pick 'em up and lay 'em down, I called him a her in a news story.

HE'S STILL MAD. Everytime he sees me draped over the rail, he loafs. Finishes fourth to earn money for his owner but they won't pay the \$2 guys for fourth. If he doesn't see me he wins. I'm not there today. Look out!

Well, since I'm homing in on Bob Abbey's sports side, may as well go on. The fellow next to me at breakfast said that when President Kennedy named Byron (Whizzer) White to the Supreme Court, he did what football coaches rarely did. He put Whizzer on the bench.

ABIGAIL VAN BUREN

## Dear Abby...

DEAR ABBY: Last year I married a widow. I owned a home but it was too large, so I sold it and moved into hers. She had a mortgage on her home, which I paid off. I "bought" her home from her and now it belongs to both of us. My problem is her son. He is married and has been in some trouble with the law. (Burglaries and shady deals.) He carries a key to his mother's house, which means he can come and go as he pleases. I do not trust him, and worry about some of the valuable things (jewelry and money) I have in the house. His mother has asked him for the key, but he only gives her excuses. How can I get the key back? — CAREFUL

DEAR CAREFUL: Forget the key and change the locks.

DEAR ABBY: I am 17, but look older. I recently met a man (about my father's age) at a drug store where I work on Saturdays. He says he is a movie talent scout and he would like to give me a screen test. No one where I work seems to know who he is. I know I am nice looking because people tell me that all the time. Should I take this man seriously or do you think he is kidding me? — HELEN

DEAR HELEN: First, give this man a "screening." Invite him to meet your parents. They'll find out in a hurry if he's kidding.

DEAR ABBY: Please tell the "other woman" that if she considers herself the winner, it is all right with me. But she will soon learn that she didn't win anything.

DEAR ABBY: I read with amusement the letter from "Ex-Other-Woman," who said if girls got together and compared notes they would learn that two-timing husbands all tell the same story.

Boys get together, too, you know, and the stories told to them by two-timing wives are not very different from their own. "My husband is cold and unaffectionate and he doesn't understand me" is a line many frustrated women use. It's pretty corny, but it still works! — BEEN THERE

## Good Night

When Capitalism's been shattered  
And smashed to the very last root,  
When all the banks have been plundered  
And everyone's shared in the loot,  
We shall pause—though a trifle belated—  
And say with a sad, hungry sob  
"We've done with the rotten old system—  
Now I wonder who'll give us a job?"  
And those who were slob shall be bosses,  
They shall sit in the Master's chair  
Although they'll have nothing for breakfast  
And nothing whatever to wear  
They shall wander at will through the Mansions  
Where Tyrants once thronged in the Hall  
They shall ring to have dinner at seven,  
But no one will answer their call.  
And only the People will suffer,  
And only the People shall weep,  
And no one shall work for money,  
And no one shall sow or reap  
But each in his corner shall shiver  
And think how much better they fare  
With the System of All-Having-Nothing  
Than of Some-Having-More-Than-Their-Share.

BOB CONSIDINE:

## Kremlin Won't Like Our Stock Market

NEW YORK — Would you say that the boo given cosmonaut Titov during his visit to the N.Y. Stock Exchange might give Wall Street a bad name around the Kremlin? Wouldn't surprise me a bit if the Russian propaganda mills started saying some cutting things about our Bourse.

Clearer heads prevailed in the exchange as Titov and his party took leave. There was scattered applause and a few cheers, which helped to clear the air a bit, but not enough to erase the memory of the pretty deplorable demonstration of bad taste and inhospitality.

It is Titov's boss, gentlemen, who wishes to bury you. Not the intrepid man who voyaged 17 times around the earth, nearly half a million miles in 25 hours. Boing him was about as fair as imprisoning Columbus.

Mike Cipriani, court photographer for the Yonkers buggy-racing track, says that the most obliging subject of his long years of camera-aiming in the newspaper game was Cardinal Spellman.

"The cardinal came up to Yonkers for the 50th anniversary of St. Mary's, and a bunch of us were banging away at him with the Graflexes and bulbs," Mike recalls. "Then a priest of the parish, wanting to spare him, I guess, took him by the arm and started to lead him away. The cardinal wouldn't go."

"Just a moment," he said to the priest, "That fellow's flash bulb didn't go off," he said, pointing at me.

"So I got my shot."

Calls it A Spade

Here's a tip of my hat to Inez Robb, godmother of one of my sons, for some verbal spade calling in the direction of the John Birch Society. For her speech, Inez and her husband Ad were given the bounce from Camelback Inn, near Phoenix, by the ultra-right wing management which apparently has taken over from the FBI in the fight against communism in that area.

The battle lines are drawn irrevocably, if I know la Robb. I'm already feeling a bit sorry for poor old Robb Welch.

## Letters to The Editor

Dear Sir,

Perhaps the most enlightening event to strike Palm Springs was the beautiful concert held at the Desert Museum last Saturday evening.

Those who were fortunate to attend saw and heard top quality artists perform a flawless program of music that will long be remembered in this area.

I wondered how many people in the audience realized that the gentleman who turned the pages for Mr. Bay, the pianist, was the world famous violinist, William Primrose?

Credit must go to the Art Center personnel who made this concert possible. More power to them and let's have more good music in Palm Springs.

Sincerely,  
Mrs. Pearl Berkus  
Palm Springs

tell more about you than they do about the DAR," writes Mrs. Lester L. Danley, a Freeport, N.Y., reader, or perhaps former reader. "You have drawn the wrong conclusions. Most certainly the ancestors of the DAR would never have accepted the UN, or NATO, or the so-called Alliance for Progress."

"They feared England, France and Spain, which owned vast tracts right on this continent. The possibility of invasion was real — so real that the founding fathers accepted the unwelcome concept of a federal government over the several states to raise an army and navy."

Hate Censorship

"The DAR did not stand to give Maj. Roberts (since dismissed from the army) an ovation because of what he said about mayor Yorty of Los Angeles. They stood because he was resisting arbitrary censorship which they fear and hate."

They're honoring one of the nicest gents in our business in the grand ballroom of the Astor next Monday night. It's a tribute dinner to Louis Sobol, the proceeds of which go to the New March of Dimes.

Louis has devoted most of his working newspaper life to a field — roughly called Broadway — which can swarm with immorality, indecency, bickering, backbiting, as well as enchant. He has never set out deliberately to hurt any of its denizens. And never will.

## Other Editors

(Portland Oregonian)

With a lawyer arguing before the U.S. Supreme Court that the recitation of a prayer in a public classroom is a violation of the Constitution, it is well to remember that, whatever the constitutional niceties, public prayer is a tradition in the United States.

The houses of Congress habitually open each day's session with a prayer, delivered in rotation by rabbis, priests, and ministers of various denominations.

Presidents have proclaimed, particularly in time of crisis, national days of prayer and thanksgiving. In fact, Thanksgiving Day, a national holiday, is the result of such tradition; and although the Pilgrims and turkey take a prominent part in the observance, the day's origins are fundamentally religious and its spirit prayerful.

Abraham Lincoln, who has often been accused of being an irreligious man, was more given than any other U.S. president to calling for public prayer. One such proclamation was issued just 100 years ago this month and was accompanied by instructions from Secretary of War Stanton that every chaplain offer a prayer at the head of his regiment on the National Day of Prayer.

If the U.S. Supreme Court, which has many times skirted the issue but never acted upon it, should decide that the recitation of a prayer in a public place is unconstitutional, it would make for a considerable change in the practice of centuries.

## Israel Consul to Speak Here Friday

Mordechai Shalev, consul general of Israel, will be guest speaker before Palm Springs Jewish Community members Friday at 8:15 p.m. in Temple Isaiah, it was announced today.

A veteran of extensive service in both the British and Israeli Armies and the Israel Diplomatic Corps, Shalev will speak on the situation in the Middle East. Born in Czechoslovakia in 1915, his family came to the United States in 1926 and remained until 1932. Shalev attended public school as well as the Bronx Yeshiva and Yeshiva College. Upon the family's return to Czechoslovakia, he continued studies in the Humanities at the Masaryk University.

Shalev settled in Israel in 1939, and in 1942 enlisted in the British Army, serving until 1946 when he was released with the rank of lieutenant. Following his Army service, he became editor of the English language "Radio Week" of the Government Press Office and in 1947 worked in the Jerusalem headquarters of the Jewish National Fund public relations department.

During the War of Independence, Shalev served in the Haganah and the Israel Defense Army as Adjutant of the Six Brigade in the rank of Captain. He now holds the rank of Major in the Reserve Army of Israel.

Joining the Foreign Ministry in 1949, he was appointed Second Secretary and Vice Consul in 1951, and later became First Secretary at the Israel Embassy in Washington, D.C. In 1954, he received an M.A. in International Relations from the American University, Washington D.C.

When he returned to Israel in 1957, he was appointed Chief of the United States Desk in the Public Relations Department of the Foreign Ministry, becoming in 1960, head of the Director General's office.

## The Most Up-to-Date Method of BUYING and SELLING Real Estate

### MULTIPLE LISTING

- It Gets Faster Results!
- It Costs No More!

Thousands of homes have been sold by the efficiency of Realtors offering Multiple Listing Service.

This modern cooperative system has conclusively proved to property owners its value as a sales asset.

Unlike the "old days" you do not have to shop around from office to office to list your house. Today you sign one agreement with one MULTIPLE LISTING REALTOR, and your listing - along with complete details - is broadcast to its entire membership. Automatically the property you wish to sell is called to the attention of a Sales Force of more than 125 realty experts. Why not call your REALTOR today . . .

## Best Ball of 60 Cops Women's Golf Tourney

Climaxing a most successful year on the links, the Palm Springs Women's Golf Club staged their final tournament of the season Tuesday, the first P.S. Women's Invitational "Shotgun" tourney at the P.S. Golf Course won by the foursome of Joan Sherman, P.S.G.C.; Jennette Hall, Gladys Peay and Jackie Scanlan, all of Cochran GC, who carded a low best ball score.

The winning foursome toured the 18 hole P.S. Golf Course with a final score of 60 to win top honors in the first P.S. Women's Club Invitational.

**Three-Way Tie**  
Three foursomes finished in a tied for runner-up honors with best ball scores of 63. One quartet consisted of Marion Webster, Millie Collins, Doreen Kennelly, of El Rincón GC, and Dorothy Baker of P.S. G.C. The second team was made up of Adair La Pierre, B.

DeShong, Helen Chambers, all playing out of Indian Wells CC, and Virginia McLaughlin, P.S.G.C. Members of the other foursome who finished in a deadlock for second place were Ruth Callaway, Shirley Fernald, Dorothy Pomeroy, of Whittier Narrows, and Shirley Henry, P.S.G.C.

The 18-hole "Shotgun" invitational tourney was the first of its type staged by the P.S. Women's Club and under the direction of Barbara Coffman, club president, La-Rena Salkeld, tournament chairman, Lil Eaton, awards chairman and Zell Eaton, club pro, who all contributed to spearhead the event, it was labeled as most successful.

The fifth place team consisted of Carolyn Seeman, Patty Coffin, Mildred Ball, of Indian Wells CC and Vivian Lefton, P.S.G.C. who posted a best ball score of 64.

Foursome members, Clara Robertson, La Quinta CC; Mary Clark, P.S.G.C.; Ann Baker, Tamarrisk CC, and Mary Neil, P.S.G.C. topped sixth place and seventh place winners were Connie Eaton, Jinnie Buena, Freda Eaton, all of Montebello CC, and Lillian Easton, of P.S.G.C.

Highlighting the affair was the cocktail-luncheon held at the Elks Club following the 18 holes of play at which time the winning foursomes were awarded prizes.

#### 8 P.M. NIGHT GAME

## Indians Play Falcons In Twinbill Today

On the heels of a decisive Desert Valley League victory over the Banning Broncos yesterday to the tune of 2 to 1, the Palm Springs high school Indians will host the Rubidoux Falcons today at the Polo Grounds in a double-header.

The first game with the Tri-County league leaders got underway at 3:30 p.m. and the second contest will be under the lights tonight at 8 o'clock. The public is invited to both these high school baseball games and no admission is charged.

The Falcons, who are resting on top of the Tri-County league heap,

are strong contenders for the CIF Southern AA crown which will swing into action next week. Going into the first game this afternoon, the Tribe stickmen had a season record of 15-5. Their five defeats were in DVL play and two of the games were extra inning affairs and the pendulum could very easily swing toward the Indians side for victories instead of defeats.

Tonight's encounter will be the first game under the lights for the Indians at the Polo Grounds and it should be a very close contest with the strong Rubidoux Falcons.

PROUDLY holding trophies awarded the winning bowling team of the King's and Queen's league at the Palm Springs Bowl are members of the "Sambo's" team. From

## P.S. Indians Edge Banning Broncos, 2-1, in Baseball

Ernie Reyes, who roams the outfield for the Palm Springs Indians baseball team, had a perfect day at the plate yesterday as he hit three for three to spark the Tribe stickmen to a 2 to 1 DVL win over the Banning Broncos.

The Indians bounced back into the win column as they scored once in the third inning and added another in the sixth to edge the visiting Banning diamond team for their fourth league victory and win number 15 for the season.

Their five defeats have been heartbreakers and games that could of gone either way and with a little "luck" of the rabbits foot — the Indians might have perched on top of the DVL ladder and have a berth in the CIF playoffs.

Hurler David Titlebaum went the distance for the Indians and allowed only two hits to chalk up the DVL victory.

#### GRBA TO BULLPEN

## Rig Burns as Angels Lose to Tigers, 10-1

By ART SPANDER

LOS ANGELES (UPI) — Near-sighted Los Angeles Angels pitcher Eli Grba switched from contact lenses to his old spectacles Tuesday night, but from where he's going today Grba will need binoculars to watch a game.

The chunky righthander couldn't get past the third inning Tuesday night as the Detroit Tigers slammed the Angels 10-1 in the opener of a three-game series at Chavez Ravine.

So Los Angeles manager Bill Rigney, obviously of the belief that Grba's problem lies not in his eyes but in his arm, banished the pitcher to the bullpen—a good 370 feet from the pitcher's mound.

#### Unhappy Rig

"He was coming up the middle with everything," snarled Rigney after the one-sided game. "And he's going back to the bullpen."

Actually, Grba—who lost his first game of the season against a win—could be lucky he's not going farther away than the bullpen. Rigney was upset enough after the game that he could have shipped Grba down to the minor leagues and no one would have batted an eye—except possibly Grba.

Hoping for a reverse of Tuesday night's fiasco, Rigney named Ted Bowsfield (1-0) to pitch tonight for Los Angeles. Jim Bunning (3-1) was scheduled to hurl for Detroit.

Grba was behind 2-0 before he hardly cleaned off his glasses. The first batter up, Jake Wood, singled to left center. And then streaking Al Kaline slammed a home run deep into the left field bull pen—just about the spot where Grba probably can be found sitting tonight.

Kaline, before he was finished, also hit a triple and single and drove in four runs.

#### Everybody Goofs

Detroit knocked Grba out of the box in the third with a five-run spurge. But it wasn't entirely the pitcher's fault. Eli's wild throw allowed the first two runs to score. And when Los Angeles catcher Bob Rodgers dropped Kaline's foul pop for an error, Kaline promptly whacked his triple. Rodgers' two passed balls in the

inning didn't help the situation.

Grba was followed by newcomer Jim Botz, Jim Donohue, Art Fowler and Tom Morgan. Only Botz showed some pitching ability.

The Angels, meanwhile, were flailing away at the pitches of Detroit's young Phil Regan, (2-2) who went nine innings for the first time this season. Stout Steve Bilko rammed a home run deep into the left centerfield bleachers 430 feet away, in the fifth off Regan. But Los Angeles had just five other hits and no other runs.

Going along with the frustrating evening, Los Angeles' Leon

Wagner popped up three times and grounded the fourth to break his 10-game hitting streak. The Angels, needless to say, lost their four-game win streak.

## Sam Snead Buys Golf Site in Tecolote Canyon

SAN DIEGO (UPI) — Sam Snead announced Tuesday the purchase of a 200-acre golf course site in Tecolote Canyon for \$1 million.

Snead, who is planning a coast-to-coast network of 10 golf courses, said the 36-hole layout would be designed for quick play.

The short golf course, to be named Sam Snead Clairmont Golf Course, will include a par-three, 18-hole course measuring 1,585 yards and a 3,240-yard, 18-hole course.

## S.F. Giants Bump Cards To Win, 4-3

ST. LOUIS (UPI) — Even old Giant killer Larry Jackson could not stem the 1962 San Francisco juggernaut in their first meeting. Jackson, who held eight straight wins over the Giants, failed to make it nine Monday night as the Giants sweated out a hard-fought 4-3 win.

The victory was San Francisco's 12th in their last 13 games and stretched their league lead to four full games.

The Giants got off winging Monday night as Harvey Kuenn and Charlie Hiller singled and Orlando Cepeda doubled them home to run his bulging run batted in total to 31 in 27 games, best in the majors.

Jackson is well known as a pitcher who gets tougher as he goes along and he sailed along smoothly until the eighth when Cepeda doubled, Alou did the same and Ed Bailey singled. Jack Bautista took over for Jackson and the Giants were unable to pick up another hit.
